

REMARKS

Prior to an examination on the merits of the above-identified patent application, please enter the foregoing amendments.

Claims 27-47 are now pending in the above-identified patent application, as presented by the instant Preliminary Amendment. All prior (original) claims have been cancelled. Claims 27, 42, 43 and 44 are presented in independent claim format.

The present application represents the U.S. National Phase of P.C.T. Application No. PCT/DE2004/002503, filed November 12, 2004, and claiming foreign priority on the basis of a corresponding German patent application, filed November 14, 2003.

By the present amendments, prior Claims 1-26, as presented in Applicant's concurrently-filed *Literal English Translation of P.C.T. Application No. PCT/DE2004/002503*, have been cancelled and substituted by new Claims 27-47, which have been drafted in conformance with U.S. claim practice.

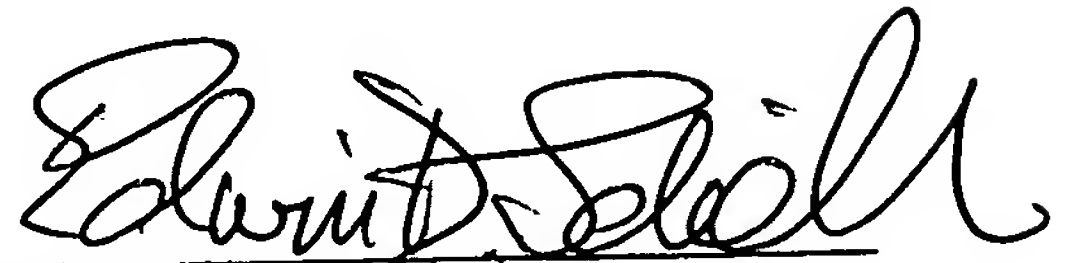

A substitute Abstract of the Disclosure, on a separate sheet of paper, as required by 37 C.F.R. §1.72(b), is also enclosed.

The application is now in condition for a full examination on the merits.

Accordingly, an early examination on the merits and allowance are, therefore,
respectfully requested and earnestly solicited.

Respectfully submitted,

PHILLIP VOLLMERS
